SUMMARY

Computer Science Engineering student focused on full-stack development, Python, JavaScript, and practical web applications. Strong in communication, presentation, and teamwork, with experience through academic projects and hackathons. Curious and adaptable, with interests in technology, business analysis, logistics, marketing, and real-world problem solving.

EDUCATION

Bachelor of Engineering in Computer Science & Engineering | 2025-2029
Sathyabama Institute Of Science & Technology
7.8 CGPA

HSC (Grade 12) - CBSE | 2025
NSN Memorial School
69%

SKILLS

Languages
Python, SQL, HTML, CSS, Javascript

Developer Tools & IDEs
Git, GitHub, VS Code, Antigravity, Cursor

EXPERIENCES

OXIS
Developer Intern

The Robotic Society Club
Design Media & Marketing - Member

AWS Student Builder Group
Hands on Builder group - Member

Microsoft Club
Cybersecurity team - Member
AI/ML team - Member

ACHIEVEMENTS & CERTIFICATIONS

Full Stack GenAI Master Class & Internship | 07/2025
Sinthanai Academy & Mechanica, IIT Madras Completed an intensive 1-month program and a 40-hour technical master class covering LLMs, Fine-tuning, RAG, backend architectures, and frontend development.

Internal Smart India Hackathon - Sathyabama University | 08/2025
Led a cross-functional team of developers to conceptualize and build a zero-touch automated attendance prototype within a high-pressure, time-constrained hackathon environment.

CCNA: Introduction to Networks | 04/2026
Cisco Verified credential demonstrating hands-on proficiency in network fundamentals, IP connectivity, switching, and IPv4/IPv6 subnetting via Cisco Packet Tracer.

Byteblaze Hackathon - Saveetha Engineering College | 07/2026
Developed a speech-to-text enabled automation prototype to streamline tasks such as filling Google Forms, enhancing efficiency and accessibility through real-time voice input integration.

Hackit Hackathon - SRM University | 08/2026
Developed an AI powered electricity management platform for demand forecasting, infrastructure risk prediction, intelligent complaint prioritisation, field-worker allocation, and real-time outage monitoring.
